NEED A HAND?

We'll put your event up **for you.**

Send whatever you already have — a poster, a flyer, a screenshot of your Instagram post. **Our AI captures it for you.**

1 Send us the poster

Email it, or a photo of it. A screenshot of your post works too — the caption often has the price and the ticket link.

2 Our AI reads it

Date, time, venue, price, description — pulled straight off the artwork. We check it, then send it to you.

3 You check it and publish

We send one link. Fix anything that's wrong, press publish. Nothing goes up until you say so.
